

DIVYADHARSHINI M

Full Stack Developer | React.js | Next.js | TypeScript | PHP Laravel

Tamil Nadu, India (Open to Relocation) | divyadharshini1705@gmail.com | 9344545130 | linkedin.com/in/divya-dharshini-63226b240 | github.com/Divyyy17

PROFILE SUMMARY

Full Stack Developer with 1+ years of experience building responsive, scalable web applications across the stack using React.js, Next.js, TypeScript, JavaScript (ES6+), and PHP Laravel. Skilled in developing reusable UI components, REST API integration, MVC-based backend architecture, MySQL database design, and state management, with strong focus on performance optimization and cross-browser compatibility. Experienced in crafting engaging, interactive user experiences using GSAP, Framer Motion, and AOS, alongside UI libraries like Tailwind CSS, Bootstrap, and Material UI. Collaborates effectively with cross-functional teams in Agile environments, using Git/GitHub for version control, with a proven ability to deliver production-grade features end-to-end, from UI design through backend logic and database interactions.

CORE SKILLS

Frontend: React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, Tailwind CSS, Bootstrap, Material UI

Animation & UI Motion: GSAP, Framer Motion, AOS (Animate On Scroll)

Backend: PHP, Laravel (MVC), REST API Design & Integration, Java

Database: MySQL (schema design, query optimization)

Tools & Practices: Git, GitHub, VS Code, Postman, Responsive/Mobile-First Design, Component-Based Architecture, Agile/Scrum, Cross-Browser Compatibility

PROFESSIONAL EXPERIENCE

Software Developer | W2S Solutions

Mar 2025 – May 2026 | Chennai, India

- Developed and shipped production features end-to-end across the full stack using React.js, Next.js, JavaScript, PHP, and Laravel for live client applications.
- Built a library of reusable UI components, improving development consistency and speeding up delivery of new pages and features.
- Designed and integrated REST API endpoints connecting frontend interfaces to Laravel backend services, enabling smooth data flow across the application.
- Optimized MySQL queries and database schema to improve data retrieval efficiency and overall application responsiveness.
- Improved application performance and usability through code optimization, debugging, and rigorous cross-browser testing.
- Collaborated with a cross-functional Agile team of designers, backend engineers, and QA, managing version control through Git/GitHub across production releases.

PROJECTS

NICC — Full Stack Developer

Technologies: PHP (Laravel), HTML5, CSS3, Bootstrap, MySQL, CMS, GSAP, AOS

- Built a production-level web application end-to-end using PHP Laravel following MVC architecture.
- Designed a responsive, cross-device UI with HTML5, CSS3, and Bootstrap, ensuring consistent experience across browsers and screen sizes.
- Implemented GSAP and AOS-based animations to enhance interactivity and visual engagement across key pages.
- Integrated a CMS enabling non-technical stakeholders to independently publish and manage dynamic content.
- Worked directly with stakeholders to gather requirements and deliver features aligned with business objectives.

MEII AI — Frontend Developer

Technologies: Next.js, TypeScript, Tailwind CSS

- Developed scalable frontend features using Next.js with TypeScript, following strict typing practices to reduce runtime errors.
- Built high-performance, responsive user interfaces with Tailwind CSS, optimized for both desktop and mobile.
- Created reusable, well-documented components adopted across multiple areas of the application, improving development velocity.
- Integrated frontend logic with backend APIs to support dynamic, data-driven workflows.

W2S Solutions Singapore — Full Stack Developer

Technologies: PHP (Laravel), HTML5, CSS3, Bootstrap, MySQL, CMS, GSAP, AOS, Framer Motion

- Delivered website features end-to-end using PHP Laravel (MVC architecture) for an international client.
- Built responsive, user-friendly pages with HTML5, CSS3, and Bootstrap, ensuring consistent UX across desktop and mobile.
- Implemented GSAP, AOS, and Framer Motion animations across multiple site sections to enhance interactivity and visual polish.
- Managed CMS-driven content updates and optimized MySQL data operations to improve site performance.

EDUCATION

Master of Computer Applications (MCA) — E.G.S. Pillay Arts & Science College, Nagapattinam, Tamil Nadu

Jul 2022 – Apr 2024

Bachelor of Physics — E.G.S. Pillay Engineering College, Nagapattinam, Tamil Nadu

Jun 2018 – Apr 2021

CERTIFICATIONS

- Java Certified Foundations Associate – Development, Infosys Springboard (Aug 2023)
- Design and Analysis of Algorithms, EBOX Platform (Jul 2023)
